AROMA & FLAVOUR

The exact recipe behind this legendary liqueur remains a well-kept secret. A splendid combination of rum, warm spices, citrus oils and caramel. The drink gets its intriguingly bitter notes and exotic aroma from cinnamon bark. Vanilla pods, sweet orange oils, a pinch of cinnamon and lemon oils mixed with Jamaican rum give the drink a unique velvety and exotic flavour.

SERVING

It's a simple yet refined way to enjoy the liqueur. Vana Tallinn is best served on ice, with a couple of lemon slices in a low tumbler. Vana Tallinn liqueur is a popular and widespread ingredient in cocktails as well as culinary arts.
